1984 OMB Submission Revision. On Friday, 13 August, the Comptroller's Office notified us that the ongoing CAMS budget, with the exception of personal services and travel, would be transferred to the IC staff starting in 1984. Also, the positions for the CAMS new initiative (Phase 3) would be added to our 1984 new initiatives. These decisions resulted in an extensive change to our submission which had just been completed three days earlier. In all, twenty-five pages required corrections and three new pages were added. The revised OMB submission was distributed on Tuesday, 17 August. (U/AIUO) (ODP ONLY) [REDACTED]

Another list of unfunded requirements will be requested at the beginning of FY 1983, at which time priorities will be set and funding decisions will be made. (U/AIUO) [REDACTED]
